American Photo: Editor's Choice Awards July / August 2003

The editors of *American Photo* selected the Nikon AF-S DX Zoom-Nikkor 12-24mm f/4G ED-IF as one of their top choices for lenses. The 5th annual Editor's Choice Awards reveal a vast selection of the top imaging products currently on the market. The lens was chosen for the compact design of its small image circle while still offering a variety of optical options such as Silent Wave Motor for quieter, faster focusing. The editors also noted the lens's ED and aspherical glass as "top-drawer." In addition, the Nikon AF-S VR Zoom-Nikkor 70-200mm f/2.8G ED-IF and the Nikon AF Zoom-Nikkor 28-200mm f/3.5-5.6G ED-IF were recommended by the editors.
