My Lens Choices for Weddings

A tip from Nikon Ambassador Jerry Ghionis

If I could only bring one lens to a wedding it would be the AF-S NIKKOR 24-120mm f/4G ED VR lens.

“ My favorite lens is the AF-S NIKKOR 70-200mm f/2.8G ED VR II but when you’re in the thick of the action, the 24-120mm is the most versatile lens, for the [wedding] ceremony and the reception. ”

Check out [Jerry's Ambassador page](#).
