AF-S DX Zoom-Nikkor 17-55mm

JUL/AUG 2004

American Photo – Editor's Choice: July/August 2004

The editors of American Photo named the Nikon AF-DX Zoom Nikkor 17-55mm f/2.8G IF-ED lens an Editor's Choice in its July/August 2004 issue. Praising Nikon's commitment to its APS-C-sized image sensor, the editors credited the lens' compact size and built-in Silent Wave Motor for fast, quiet autofocus. The 17-55mm lens was also selected as an editor's choice for its use of ED glass and aspherical elements.
